Education Sub-Committee Meeting NOTES

Via WebEx

April 11, 2023

Education Sub-Committee Members in attendance: Sandra Leonard, Kim Martinez

Non-members in attendance: Karen Maynard (staff), Pete Flood (staff), Diane Moon (staff), Bryan Slade, Bruce Burrow, Brandon Coan

Education Sub-Committee Members not in attendance: Greg Zahradnik, Ked Stanfield, Marie Burnett, Marie Eff, Tim Darst, Sarah Lynn Cunningham

Since there was no quorum, Karen Maynard led this meeting. She explained that this sub-committee was formed to help tackle the education-related Specific Actions listed in the Solid Waste Five Year Plan. She shared the list of those actions and explained any progress already made, including the current partnership with the Louisville Apartment Association to work toward more recycling and improved waste management at multi-family properties.

Pete Flood shared that the main goal of these actions is to create best practices and toolkits, then create technical assistance programs, all to improve services, increase recycling and diversion, in a more proactive way rather than reactive.

Pete said we are in an information-gathering phase. Sandra asked staff to reach out to local haulers and organizations and ask for them to present their educational materials/tools and share their biggest problems they encounter trying to disseminate those materials.

Pete, Bruce, and Sandra also discussed Advisory Committee member attendance.

Meeting was adjourned at 2:45 p.m.
